# INDIAN PATHWAYS

HELLO!

We are team IndianPathways

We are from GF's Godavari College of Engireeing, Jalgaon, Maharashtra.
Potential of DigiLocker

PROBLEM STATEMENT

Driving Licenses and Vehicle Registration Certificates can now be accessed through Mobile App. integration of DigiLocker with Driving Licenses (DL) & Vehicle Registration Certificates (RC). With this integration people no longer need to carry around physical copies of their RCs and Driving Licenses. They can instead access digital copies of the same on their mobile phones via the DigiLocker mobile app. We want further development of app to check the insurance as well as pollution expiry details through same app.

Developments in existing system

✖ App contains driving license &
vehicle registration certificates

✖ We have added the options to check
the insurance as well as pollution
expiry details

✖ For the ease of users, it contains
other easily usable options

App Info

- ❖ Diriving licesence, vehicle registration number, insurance details, pollution details.
- ❖ In addition, aadhar card, passport, pan card, etc.
- ❖ Digi wallet for any kind of fine & challan
- ❖ Guide for driving rules & traffic rules
- ❖ Emergency assistance
- ❖ Qr code to access the details

insurance details.

Digi Wallet
The digi wallet will be
provided for any kind
of challan/fine

Detail info of app

Need Assitance
Any kind of help the person required on the road.

Guide
This guide is provided for all kinds of rules and regulations.

Sharing of documents

This function helps the user to share valid documents available on the app with any kind government officials.

The link will be created after uploading the documents on the app. That link will be sharable & secured for the user to share the data.

Advantages

Less time consuming:

As the user is sharing the documents online with link created on app, so there is no need to stay in long line or que.

No use of paper:

As the user is sharing documents online, user dont need to use paper, which will reduce the cutting of tree & pollution will reduce.

Corruption free:

As all the details of fines & challan is available in the app, so the user dont have to pay much.

Thanks!
